Objective

Full Stack Developer with expertise in the MERN stack, seeking opportunities to apply my skills in developing scalable web applications. Dedicated to delivering efficient, maintainable solutions with a focus on innovation and continuous learning.

EDUCATION

❖Computer Science|Technocrats Institute of Technology — *CGPA:**7.76**|(2021-25)*

❖Higher Secondary|Sunflower Hindi & English Medium — *76.2%|2021*

❖*High Schoo l New Sunflower English & Hindi* — *74.8%|2019*

SKILLS

❖ **Programming Languages:** Python, JavaScript

❖ **API Testing:** Postman

❖ **Frontend:** React, Next.js,HTML, CSS

❖ **Libraries & Frameworks:** Mongoose, Axios, Redux, Bootstrap, Tailwind

❖ **Backend:** Node.js, Express.js, MongoDB

Experience

Full Stack Developer Intern   Internship Studio | July 2023 - August 2023

- Developed an e-commerce website, handling frontend and backend development.
- Utilized the MERN stack for building features, including product catalogs, user authentication, and responsive design.

PROJECTS

❖ **Music Stremer.**

I independently developed a "Music Streamer" web application using MongoDB, Express.js, Node.js, and Tailwind CSS. The app features secure user authentication, allowing personalized access. Users can search for songs, create playlists, and enjoy seamless music streaming with continuous playback. I also designed a responsive interface to ensure compatibility across devices and browsers.

❖ **Wallpaper Hub.**

I created Wallpaper Hub, a web app using MongoDB, Express.js, Node.js, and Tailwind CSS. Users can upload, search, and categorize wallpapers with a responsive design and secure authentication. The app was built for scalability and efficiency, following best practices.

Extracurricular Activities

Hackathon Participation | Participated in CODEBITE 2k23 Hackathon and contributed to a team project.

Certifications

- Getting Started with Enterprise Data Science**| IBM**
- Journey to Cloud: Envisioning Your Solution **| IBM**
- Google Cybersecurity Professional Certificate **|Coursera**
